THE VOICE OF NEIGHBORS

New President and 2 New Board Member

(You can get their contact information from the Office, Gate or the Web site)

Bill Fitzgerald President and Don Motley and Sandy Drury are new Board Members. Congratulations

The Dues increase was defeated. as a result "No" New Road repairs will be started until funds are available.

We do need the increase..... We also need a Budget and a Plan.

The Board has their work cut out and they need our help!

We have a Great Neighborhood, we may not always agree with each other, we all mean well.

The more we understand the inner workings of the Board and needs of the community then our votes will be better utilized.

So please be involved and communicate with our Directors and be part of the influence of their actions taken in our behalf.

Darrell Humphries

Happy Father's Day

Father's Day in the United States is on the third Sunday of June. It celebrates the contribution that fathers and father figures make for their children's lives. Its origins may lie in a memorial service held for a large group of men, many of them fathers, who were killed in a mining accident in Monongah, West Virginia in gifts to their fathers. Common Father's Day gifts include sports items or clothing, electronic gadgets, outdoor cooking supplies and tools for household maintenance. 1907.

Father's Day is an occasion to mark and celebrate the contribution that your own father has made to your life. Many people send or give cards or small gift for their fathers. Father's Day is a relatively modern holiday so different families have a range of traditions. These can range from a simple phone call or greetings card to large parties honoring all of the 'father' figures in a particular extended family. Father figures can include fathers, step-fathers, fathers-in-law, grandfathers and great-grandfathers and even other male relatives. In the days and weeks before Father's Day, many schools and Sunday schools help their pupils to prepare a handmade card or small gift for their fathers.

Father's Day is not a federal holiday. Organizations, businesses and stores are open or closed, just as they are on any other Sunday in the year. Public transit systems run to their normal Sunday schedules. Restaurants may be busier than usual, as some people take their fathers out for a treat. There are a range of events, which may have inspired the idea of Father's Day. One of these was the start of the Mother's Day tradition in the first decade of the 20th century. Another was a memorial service held in 1908 for a large group of men, many of them fathers, who were killed in a mining accident in Monongah, West Virginia in December 1907.

A woman called Sonora Smart Dodd was an influential figure in the establishment of Father's Day. Her father raised six children by himself after the death of their mother. This was uncommon at that time, as many widowers placed their children in the care of others or quickly married again. Sonora was inspired by the work of Anna Jarvis, who had pushed for Mother's Day celebrations. Sonora felt that her father deserved recognition for what he had done. The first time Father's Day was held in June was in 1910. Father's Day was officially recognized as a holiday in 1972 by President Nixon.

SPORTS WORLD

Although our ROCKETS and SPURS basketball teams didn't make it too far in this years playoffs, I think they still deserve a high five for a job well done. The game is evolving to the players who can make the most 3 point shots and they control the scoring and also are the most talented and skillful players in the game. In the past, 2 points were scored from the present 3 point range. If PISTOL PETE MAROVICH were playing today the score in a basketball game might be 156-91. Everything changes over time! Sports Illustrated has featured the power of the curve ball in their latest issue and , of course, the HOUSTON ASTROS pitchers are highlighted. As MICKEY MANTLE once said, "You just can't hit that SH*t!" Aside from the fantastic pitching of the ASTROS, the hitting is just as awesome! If the ASTROS stay healthy, they could possibly make it to the BIG SHOW!! With football season just around the corner both the DALLAS COWBOYS and the HOUSTON TEXANS are expecting a banner season this year. The ultimate result of the season would be for the TEXANS and COWBOYS to face off in the SUPERBOWL! We all have fantasies! Well folks, that's all for now! YALL HAVE A GOOD ONE!
